Welcome to WestFax!

Laurie Brown:

Thank you for selecting WestFax. Your account manager will be Lisa ,who will be responsible for sending your orders and providing you with reports. You can contact her at 303-299-9329 if you have any questions.

Your Profile has been set up with the following settings:

Account Number - 3024
Profile Name - KPH
Report Routing - lbrown@kohlls.com (Summary)
Removal Service - 800-440-5933 WestFax Removals with Ext # 30240
Test Page - Always
CSID - 402-895-7655
Resends (attempts if fax number erred) - 3
Time of day preference - ASAP / Scheduled

If these settings are incorrect or you have any questions about them, please contact your account manager via email at order@westfax.com

We appreciate your business and hope you find our service meets your standards. Always feel free to contact Barry Clark or myself if you have any concerns or questions.

Sincerely,

Susan Holley

Subject: Westfax Online Fax Broadcast Submission

Laurie Brown,

Login to www.westfax.com and submit Fax Broadcast Orders Online!

To login to the Westfax Online submission website you will need the following information:

Your Profile Name: KPH

Your Password: XXXXXXXXXXXXXXXXXXXX

After login, you will be guided through an easy to use Fax Order Wizard. Step One of the wizard asks you to name your Broadcast Fax Order. A field is also provided for Purchase Order Numbers if needed by your company.

Next, upload your fax broadcast document using the Browse Button. The WestFax Online Order System supports the following document types: Word, PDF, Publisher, Tiff, and Excel. Multiple pages are supported within the same file.

You may also use the Browse Button to select your fax list. The following database formats are supported: CSV, DBF, and Text (Tab, Comma, and Space delimited). Follow the Wizard's instructions to confirm the file type, the header row, mapping your fields to our system's field names, and removing duplicates.

Once the document and list are uploaded, you may view the document online, send yourself a test page, replace the document with another, replace the list, or add another list.

Now simply select the date and time you want the fax broadcast to start or simply select ASAP.

Click OK at the bottom if your Broadcast Fax Order is ready. This takes you to the All Fax Orders Page, where you can now Submit the order, by clicking Submit. Summary reporting is available under the All Fax Orders Tab so you can check the progress of your Fax Broadcast.

If you have any questions, please don't hesitate to call 800-473-6208 or contact your WestFax Account Manager: Lisa, at order@westfax.com

Sincerely,
WestFax Customer Service
order@westfax.com

Stacey,

Excel is usually the format that I work with as well, so that would be great. Sorry it has taken me so long to get back with you. I have not been in the office since last Thur. morning! As soon as you have it ready, will you just e-mail it to me? Do you know when you will have it ready?

Thank you so much for all of your help!

Jamie Stunkard

I have your file. Which format did you need it in? Excel? Comma delimited?

Thanks

Stacey,

Thank you for being so patient with us as we have been making our final decision.

We would like to go ahead and have the database for the high risk OBGYN physicians that you recently sent me information on.

If you have any questions please contact me at any time. Could you also let me know when this will be accessible?

Thank you,

Jamie Stunkard

Subject: RE: Fax report from high risk OBGYN

Jamie,

reply back stating that we did not email, but we faxed.

I see that as being a big difference. I don't think you can have a SPAM firewall with fax machines. Have her clarify in regards to faxing.

Let me know.
Laurie

Subject: Fax report from high risk OBGYN

Laurie,

I sent an e-mail to Stacey last Friday and heard back from her this morning. This is the message that she sent back to me after sending her the report of all the bad numbers. What do you think I should do? And where should I go with the list now?

Thanks,
Jamie

Subject: RE: fax report

Sorry for the delay in this email. I have been out of the office. This is common if your email blasting company has been targeted at SPAM. Many emails now block spam with their firewalls from coming through. The system knows it's SPAM if they bulk blast the email. The only way to combat that is to send the emails yourself which would be a chore to do. The blasting I think is still worth the 487 you were able to send. You should see if your blasting company can let you know which 665 didn't go through if you would like to email those individually.

I should have the phone append done tomorrow for you as well.

Let me know if you have any other questions.

Thanks
Stacey

Subject: fax report

Stacey,

I wanted to forward this to your attention to have you look through our list again. We were a little shocked with the results. Before we go any further, mailing and calling, we would like the list to be reviewed to ensure that we have updated information. As you can see from the fax numbers out of 1176, only 487 were sent successfully.

Thank you,
Jamie

We started with 2644 entries and after the first edit we only had 1176 entries that had numbers for faxes. Of the remaining 1176 only 665 were attempted and 487 sent. You have the # I faxed to you to remove and Jim C sent me this one as well 2082393434.

I sent this out using westfax (Laurie Browns suggestion. I have used them before). They screened the list 1176 for duplicate #s as well as checking against the DO NOT CALL LIST that they have and also took out numbers that were not 10 digit. Failed can mean that someone tried to answer the fax, operator intercepted, disconnected, busy retry 5 times at 5minute intervals.

Byron

OK, there are 1,118 individual fax numbers total.

Removing non-metro numbers, there are 904 fax numbers (attached).

I will send out to them today.

Laurie,

Here is a new up to date list of all MDs in Nebraska with a Fax number. You'll want to clean up all the duplicate fax numbers. For this project eliminate MDs out of Omaha Metro area.

Thanks,

David

David,

The list I have is Internal Medicine docs in Omaha and surrounding areas (attached). You pulled it for me in Jan, so It's probably time to pull a new one from QS1.

Laurie,

I don't see anything that I would change.

David, which docs were we going to send these to? I am not sure if target is all family med, internal med, ortho docs? Also, thanks for the assistance on the content/design.

Subject: Armour Fax

David,

There were 19,623 docs pulled from QS1. Of those, 11,138 had valid fax numbers. Of those with valid fax numbers, after removing the duplicates. 10,856 fax numbers- nationwide –were left.

I sent out the fax and also added our toll free number. I'll send the fax to 114th St staff so they are aware.

thanks

Shayna,

Yes, blast faxes are cheap and if done properly – and not all the time- can be effective. I can certainly help you with format. It's really easy and simple. I should have the rest of the resp presentation to show you the first part of next week. Let's plan a meeting to go over everything and get a marketing plan put together for you.

I will also correct your flyer.

thanks

Laurie Dondelinger

Laurie:

David has suggested that it might be a good idea to start doing these blast faxes for respiratory marketing. I would like to get your input on format, content and frequency of when these blast faxes occur.

Thanks,

Shayna

ps-yes that form this morning is what i was looking for. I would like some more copies, however the cough assist needs to be a separate bullet point from the star dust and apnea link. let me know if you have questions.

Corporate Flu Shots

**Only \$15-\$18 per
vaccination**

Did you know....

Each employee sick from the flu costs your company an average of:

\$87.71 per employee in medical care, sick leave & work loss/low productivity

10 employees sick from the flu costs you \$877.10

Each flu infection results in 3-5 missed work days and up to 2 weeks of low work productivity

How much is the flu REALLY costing your company?

Protect your assets! Vaccinate your employees.

Laurie,

The only customer we have on here is FBL Financial in Des Moines. I am just starting on the other cities this year so all should be good to go.

I am not able to open the Omaha sites. Can you try and send it in a different format? Once I get that I will look it over and reply right away.

Have a nice day!
Traci

->

Attached is the list with Des Moines, Chicago and St. Louis companies with over 100 employees. Please let me know which ones NOT to send out the blast fax to because they are current customers.

Also, I will work on the blast fax and email it to you before I send out for approval. thanks

Since there isn't a toll free # at corp, do we want to send Pam's calls through the call center? Will that cause more confusion? Would it be best to send them all to WG then transfer Pam's to her cell? Not sure what the best way to do this is – we don't want these people to get the run-around. They need to speak with a person that can help them right when they call in. If we have to call any companies back, there is a much greater chance that we won't get that business than if we are able to answer questions right away when they call.

Your thoughts?

What is the toll free number for WG?

Pam: if I put the call center toll free number, will they know to transfer to you? I don't believe there is a toll free number for corp.

Attachments: Corporate Flu Shots Blast Fax.doc

Pam,

After quickly searching, it look like technically we should only blast fax (of junk fax) to companies we have a previous relationship with. <http://www.fcc.gov/cgb/policy/TCPA-Rules.pdf>

However, I think that if we make sure to put an opt out footnote (like attached), that may cover us a bit. I think this is one of those things that a lot of companies do and if they get a warning will stop. It would depend on if a lot of the companies we fax it to turned us in.

David – do you want me to send this to legal before proceeding?
